Dear Senator Bradford:

**SUPPORT – ASSEMBLY BILL 2374 (BAUER-KAHAN) AS AMENDED ON
APRIL 7, 2022 – CRIMES AGAINST PUBLIC HEALTH AND SAFETY:
ILLEGAL DUMPING**

The Los Angeles County Solid Waste Management Committee/Integrated Waste Management Task Force (Task Force) is pleased to **support** Assembly Bill 2374 (AB 2374), as amended on April 7, 2022.

The proposed legislation, if enacted, would (a) increase the maximum fine for the dumping of commercial quantities of waste from \$3,000 to \$5,000 for the first conviction, from \$6,000 to \$10,000 for the second conviction, and from \$10,000 to \$20,000 for the third and any subsequent convictions; (b) require the court to order a person convicted of dumping commercial quantities of waste to remove, or pay for the removal of, the waste matter that was illegally dumped; (c) require the court to notify the issuing entity of certain professional or business licenses or permits held by the convicted person, that are related to the illegal dumping activity for which the person has been convicted; and (d) if applicable, would require those entities to post information regarding these convictions on their internet website.

Illegal dumping is a constant problem in Los Angeles County which poses significant health, social, environmental, and economic impacts on communities. This bill would increase consequences for illegal dumping and properly punish bad actors and discourage future violations. The Task Force is in support of this measure as it would provide additional enforcement tools to combat illegal dumping.

Pursuant to Chapter 3.67 of the Los Angeles County Code and the California Integrated Waste Management Act of 1989 (Assembly Bill 939), the Task Force is responsible for coordinating the development of all major solid waste planning
